QUESTION 2 MARK ALLOCATION

2.1 When typing questions, please ensure that questions are on the "one side" and the mark allocation is on the "other side".

(1)

2.2 Then it is easy to see what the mark allocation per question is. Hopefully that will assist pupils in paying more attention to the mark allocation.

QUESTION 2 MARK ALLOCATION

2.1 So when the question is really long, you may want to use the *space bar* to move words to the next line. ENTER will add a number and change the spacing.

(1)

2.2 If you have an easier trick, please share it with us. Some people use a table to ensure that this doesn't happen. See what works for you.
